Designation

Liquid Properties

Item/Pump No.	<input type="text"/>	Quantity	<input type="text"/>
Liquid Name	<input type="text"/>	Concentration %	<input type="text"/>
Temperature(PT)°C	<input type="text"/>	Specific Gravity at PT	<input type="text"/>
Viscosity at PT	<input type="text"/>	Vapour Pressure at PT	<input type="text"/>
Corrosive	Yes / No	Abrasive / Non-Abrasive	Yes / No
Solid Size	<input type="text"/>	Percentage of Solids	<input type="text"/>

Desired Pump Parameters

Capacity **	<input type="text"/>				
Discharge Pressure**	<input type="text"/>	Kg/cm ²	Diameter in mm	<input type="text"/>	Length in mm <input type="text"/> (For Drum Pumps Only)
Suction Pressure**	<input type="text"/>	Kg/cm ²			
Installation	<input type="text"/>				
Type of Suction / Delivery Connections :-	<input type="text"/>				
Liquid End Jacket Required	Yes / No				
Duty Cycle continuous or Intermittent	Yes / No				
If Intermittent specify working period in 24 Hrs	<input type="text"/>				
Liquid End (MOC Wetted Parts) Preferred	<input type="text"/>				

Electric Motor Specifications

Volts : Phase : Hz: Rpm: Hp: TEFV Explosion Proof

Air Requirement Specifications
